# First International Europe & Middle East Congress on Spinal Surgery

24th-26th November, 2007

Abu Dhabi, United Arab Emirates

**The First Announcement and call for papers**

كليات التقنية العليا  
HIGHER COLLEGES OF TECHNOLOGY

In Co-operation with:

Iran Spine Surgeon's Society (ISSS)

Neurosurgical Society of Iran (NSI)

Iranian Radiological Society (IRS)

The First Announcement and call for abstracts

## Welcome to Abu Dhabi United Arab Emirates

In recent decades, the interest in the diagnosis and treatment of spinal lesions has increased rapidly due to advanced technology and surgical methods.

The variety of techniques and complex methods may be confusing when choosing the best approach for treating patients with spinal disorders. In Abu Dhabi, leading specialists from around the world including Neuroradiologists, Neurosurgeons, Orthopaedic Surgeons and Physiatrists have been invited to discuss the current options, and to exchange experiences in their field for optimizing the treatment of spinal lesions.

You will find presentations on state-of-the-art-tools in diagnostic, less and minimal invasive techniques, in conjunction with their latest treatment modalities. Participate in lively discussions with speakers and other participants during each presentation.

Register for a workshop on the spinal column. The workshop will demonstrate improved methods in the management of spinal lesions.

Enjoy the social events and opportunities to discover the attractions and mysteries of the United Arab Emirates (Abu Dhabi and Dubai).

We look forward to seeing you in Abu Dhabi and to your contribution to the sessions, in the hope of building a scientific and cultural bridge between West and East.

We believe in the need to create a better understanding between nations.

### Co-Chairman: Armin Norusi M. D.

J. - P. Warnke M.D., Scientific Secretary for Europe

J. Jalal-Shoukuhi M.D., Scientific Secretary for the Middle East

### Abstract Submission Deadline: 31st May, 2007

Abstracts for speakers will be selected on the basis of scientific merit.

#### Abstract topics (categories): Traumatology of the spinal column Degenerative diseases Rehabilitation Suggested topics

#### Abstract Submission Requirements:

The entire abstract (including title, authors, and affiliations) must not exceed 300 words. The abstract title must be typed in capital letters and minimum font size of 10 points. Author's name, co-author, institutions, cities, and countries should be typed under the title. Please mark the name of primary author for contacting.

**Headline:** a brief description of the intention of the Paper

**Method:** description of the material, imaging protocol and statistical analysis

**Result:** to confirm or refute the hypothesis, supported by appropriate statistical data

**Conclusion:** describe the findings, and emphasise the outcome of the study. Please don't include graphs, pictures or other types of images more than 100 KB capacity with the abstract. These should be included in the text
